POWERED ACCESS HIRE

www.jms.co.uk

**The UK's leading company for
Low Level Access Hire, Scissor Hire,
Boom Hire & Cherry Picker Hire**

All our equipment is fully tested and supplied with the relevant certification.

Sustainability

We're continually adding more high-performance low & zero emission lithium electric platforms to our fleet as part of our ongoing sustainability strategy.

– Mark Jackson, JMS Managing Director

Site Survey

The wrong choice of machine for the task can lead to safety and efficiency problems.

Book your site survey for any working at height projects

Scissor Lifts

from 3.5m up to 34m

Electric, diesel and bi-energy powered scissors for all applications including rough terrain, high reach and narrow aisle platforms

Boom Lifts

from 9.9m up to 58.6m

Articulated & telescopic (stick) boom lifts providing excellent working height and outreach

Low Level Access

from 3.5m up to 14.29m

Reduce the risk and replace steps and ladders with low level access, including eco-friendly push around models

Tracked Scissor Lifts

from 7.9m up to 17.9m

Ideal for slopes, roadside or landscaped work areas. High reach from compact chassis

Tracked Boom Lifts

working heights up to 52m

Travel across demanding terrain and set up to work safely at height on compact, agile platforms mounted on tracks

Telehandlers & Forklifts

reach height up to 18m

Improve productivity on-site with material lifting solutions that can adapt to many applications

Truck Mounted Boom Lifts

Self drive or operated hire, enabling you to get between work sites quickly

Operated Access Platform Hire

JMS will provide a fully trained operator as well as the appropriate equipment so all you have to worry about is the work you need to do.

Secondary Guarding Protection

for booms and scissor lifts

JMS Powered Access has always had a policy to purchase equipment for its access hire fleet with the very **best and latest in safety specification.**

- Genie LifeGuard
- Haulotte
- Nifty SiOPS
- Activshield Bar
- JLG Skyguard
- Skyjack SGE

**Approved
Training Centre**
